### Attorney Brings Partition Suit in Richland Co.

(Mansfield News)

Flora V. Harris, by her attorneys, L. B. Houck of Mt. Vernon and James W. Galbraith, has begun a proceeding in probate court asking for the partition of certain property. The following are made parties defendant: Cora Bemiller, Howard Allen, Mabel McWilliams, Ethel McMillen, Clinton Allen, Hazel Allen, Sarah Allen and The Ohio Fuel Supply company and The Butler Oil & Gas company.

The plaintiff alleges that she has a legal right to and is seized in fee simple as daughter and one of the heirs at law of David Allen, deceased, of the undivided one-seventh of real estate consisting of 145 acres of land in Worthington township, the same being land deeded from Margaret Cates, executor of the estate of Anthony Cates, deceased, to Cyrus Gattion on June 1, 1895.

The plaintiff says that the personal property and estate of David Allen is sufficient to pay all of the debts and claims against his estate. The defendant, Sarah A. Allen, as the widow of David Allen is entitled to dower in the premises and her age is 63 years. The other defendants are tenants in common with the plaintiff.

The Ohio Fuel Supply company and The Butler Oil & Gas company have leases on the land.

The plaintiff asks that her interest in the real estate be set off to her in severalty, and if this cannot be done without manifest injury that the premises be appraised and sold according to law and the dower of Sarah A. Allen be assigned to her, or its time value out of the proceeds arising from the sale.

Miss Lucy Gabriel, a nurse at the Mt. Vernon hospital, who has been visiting for the past several weeks at her home in Belle Vernon, Pa., returned Monday evening.

Miss Henrietta Crossman is to act this season in a new play called "The Tongues of Men."

## A WIRELESS STORY.

Call From the Pacific That Was Heard in the Gulf of Mexico.

It was "eight bells" on a ship lying at anchor down in the gulf of Mexico. The men had retired for the night to their bunks and hammocks, and the wireless operator, alone in his watchfulness, was "listening in" at the head phones.

Suddenly, out of the pitchy darkness of the sea, a message that curdled the blood in his veins leaped down the antenna and hummed its fearful contents, "S. O. S.—S. O. S.—S. O. S." And a few minutes later, in response to the customary reply, "What is your position?" the answer flashed back, "125 degrees 27 minutes 37 seconds west, 47 degrees 33 minutes 10 seconds north."

That meant that out on the Pacific ocean 140 miles west of Seattle, Wash.—2,850 miles away—a vessel was calling for help.

The call of the Pacific! The operator hardly believed it. With trembling fingers he repeated the call to the station nearest to the vessel in distress. But already the wireless watchers along the western coast had caught the message, and relief was on its way. Clear across the entire North American continent, over land and sea and mountain ranges, the ship's cry had been heard.—World's Work.
